

ASSIGNMENT ONE: ROCK PAPER SCISSORS (20%)

Rationale (Why Are We Doing This Assignment?) :

Strengthen your ability to apply your knowledge of Intents and build high quality android applications.

Overview

Build a Rock Paper Scissors Android app

The App should compile and run with no errors or crashing. App should run API 33 or newer

Only use tech stack that we have reviewed in class.

Instructions:

Part 1 Welcome Activity (20 Marks)

Welcome text: "Welcome to Rock Paper Scissors "
Edit box that has Hint "Please Enter your Name"
Takes Users Name
Has button "Wish Me luck"
Stores the username Intent
Starts a Second Activity with the Intent Data being passed
Linear Layout
Background Image

Part 2 The Second Game Activity: (30 Marks)

A different background image
Text at the top "{username} Good Luck!!"
Ability To play rock paper scissors.
A score should be generated based on wins in a row.
A share button that has "Share my RPS Score"
Game starts when user makes first selection
Goal is to see how many wins in a row user can obtain
Game ends when app wins
A back button

Part 3 When pressing the share button: (10 Marks)

App should display Shared Dialog
Text at the top that reads Username + "score is " + score.
Ability to copy the text from the copy button
And paste that text in a search field

Part 4 Video Presentation: (40 Marks)

Create a Short Video presentation on YouTube or another streaming provider. You must include a short PowerPoint (or Google Slides) Slide Deck that includes a single slide to start your video

- a. The **first** (and only) **Slide** of your Slide Deck must include a **current image** of you (no avatars allowed) that is displayed appropriately on the page. You must also include your Full Name(s), Student ID(s), the Course Code, Course Name, and your Assignment information. With Link to Video
- b. You will **demonstrate ALL** your app's functionality.
- c. You will **describe** your app's **code**.
- d. Sound for your Video must at an appropriate level so that your voice may be **clearly heard**.
- e. Your screen resolution should be set so that your code and app demonstration is **clearly visible**.
- f. Your Short Video should run no more than 10 minutes.
- g. Your Video may be unlisted, but must be accessible to the instructor

Learning Objectives :

1. How to use Intents to send data from one activity to another activity
2. Understand the difference between explicit and implicit Intents
3. Understand the ability to share data with the OS' internal apps

Assessment:

You will be assessed on the following:

	Not Quite	Good Work	Awesome
Welcome Activity Fonts/Hints Match font color and size Layout(linear) Remove hint when adding text (20 marks)	(0 - 7 marks)	(8 - 15 marks)	(16 - 20 marks)

	Not Quite	Good Work	Awesome
Second Activity Game (30 marks)	(0 - 9 marks)	(9 - 19 marks)	(20 - 30 marks)
Share (10 marks)	(0 - 1 marks)	(1 - 2 marks)	(2 - 3 marks)
Video Presentation (40 marks)	(0 - 1 marks)	(1 - 2 marks)	(2 - 3 marks)

Assignment Due Date:

See Course Site

Late Submission:

1 day late	-20% cumulative penalty
2 days late	-40% cumulative penalty
3 days late	-100% cumulative penalty

Assignment Weight:

Assignment One is worth 20% of your final grade.

Submission Details:

Please submit your assignment online under Assignments > Assignment One.
